## Chapter 1 by Ingmar Newman-Taylor

Ever since the takeover of terrorists, and the invention of laser projections(laser guns, laser swords), I never really thought about why I was sent away from the USA. I live in Russia, which has become a democratic government. I am in the national Air Force(NAF), and I fly a helicopter with twin ion cannons, and my crew members are, Jack Osborn , the gunner, and Vaughn Noah, the navigator. Jack is also from the USA, but Vaughn is from Germany.
